

Financial Information/Analysis – 2008 Share

- Contraction in overall market size, combined with growth in Investment Management, FX, Corporate, Energy and Datafeed businesses allowed Thomson Reuters to increase market share to 34%
- Although revenue growth was only slightly positive, Bloomberg increased market share to 24% in 2008

Thank You

- Thank you for downloading research, strategy or revenue generation tool samples from Burton-Taylor International Consulting LLC.
- B-T helps companies clearly see their target markets, their competitive environment and their opportunities. We help them see their paths of greatest reward and least resistance, and we help them define specific actions that ensure the future they see today is the one they profitably achieve tomorrow.
- B-T's Hourglass Analysis[™] process provides a proven, structured yet customizable, business consulting approach that helps your company clearly target new opportunities, define new strategy, and plan new actions to maximize growth.
- While accomplished in the Americas, Europe and Asia, and with a strategic approach that remains generalist, B-T has developed substantial expertise in the global information, insurance, financial services and software industries, with deep focus in North America, China, India and Asia.
- B-T completes custom research, varying in size from small single product or market detail reports to large global industry and competitor sizing and profiles.
- B-T fills temporary and long-term resource gaps, or manages special projects, by providing expert management to companies who are experiencing headcount or budget constraints.
